attar.hajer@gmail.com

Tunis, TUNISIA

SUMMARY

Analytically-minded and detail-oriented Data Analyst and Data Scientist with a proven track record of leveraging data-driven insights to drive business decisions and solve complex problems.

Proficient in data wrangling, statistical analysis, machine learning, and data visualization. Adept at communicating technical concepts to non-technical stakeholders.

EXPERIENCE

DATA ANALYST

LINQCE

06/2019 - Present Tunis, TUNISIA

Tasks:

- Gather and compile data from both internal and external sources, meticulously ensuring its accuracy and completeness.
- Detect and resolve data quality issues, conduct necessary data transformations, and meticulously prepare data for analysis.
- Apply a diverse array of statistical methods and analytical techniques to scrutinize data sets, uncovering patterns, correlations, and trends to extract valuable insights.
- Craft visually compelling representations, including charts, graphs, and dashboards, to present data findings lucidly, aiding comprehension and facilitating informed decision-making.
- Prepare comprehensive reports and presentations synthesizing data analysis results, accentuating pivotal findings, and offering actionable recommendations.
- **key-words:** R, Web Scraping, Python, SQL, ML, SPSS , MSBI, PowerBI.

Artificial Intelligence Engineer

LIPAH LAB

08/2016 - 03/2019 Tunis, TUNISIA

Tasks:

- Develop innovative research ideas, design experiments and studies to test hypotheses, and plan experimental methodology to meet research objectives.
- Design, implement, and experiment with advanced AI models and algorithms, such as deep neural networks
- Collect relevant datasets for research projects, clean and preprocess the data to make it suitable for training AI models.
- Analyze experimental data, interpret the results obtained from the experiments, identify trends and patterns, and draw meaningful conclusions.
- Collaborate with fellow researchers, doctoral students, and other members of the research team to share ideas, solve problems, and contribute to joint research projects.
- **key-words:** R, Web Scraping, Python, NoSQL, Hadoop, Spark, Kafka, Machine Learning, Deep Learning

EDUCATION

MASTER Of RESEARCH

National School of Computer Sciences

2018 - 2019 Tunis, Tunisia

- M2 master of computer research : Smart Systems
- Courses: ML, DL, Big Data, NLP

NATIONAL ENGINEERING DIPLOMA

Polytechnic Central High School

2014 - 2017 Tunis, Tunisia

- Specialty: Information System
- Major: 1st and 2nd year

TECHNOLOGICAL UNIVERSITY DEGREE

High Institute of Multimedia Arts

2005 - 2008 Tunis, Tunisia

- Specialty: Web Development

BACHELOR'S DEGREE

High secondary school March 2, 1934

2005 Tunis, Tunisia

- -Mathematics bachelor

TECHNICAL SKILLS

Python | R | SQL | Hadoop | Spark | Power BI | SPSS | Machine Learning | Web Scraping | Keras/TensorFlow | Deep Learning | Data Visualisation | MSBI
